Crime Prevention Unit
3501 Civic Center Drive, Room 145
San Rafael, CA 94903**

Operation Identification

With this program you mark your valuables in your house, such as televisions, VCRs, radios, and computers, with your California Driver License number. This does not keep your home from being burglarized, but it will make it easier for us to return the property to you if it is located. We recommend that you use an engraving tool to do this. We have engravers available for you to use free of charge.
