

Emergency Vehicle Operations Course

Course Summary:

This course is P.O.S.T. certified as a "Perishable Skills" Driver Training course. This presentation will consist of technical driving on a skills course, collision avoidance simulations, and skid control techniques in the skid car. Emergency response and pursuit driving are also covered during this class. Each of the behind the wheel exercises is designed to improve current driving skills and develop confidence during vehicle operation. This course also applies to custody staff, as they are responsible for the transportation of inmates.

Performance Objectives

A. Demonstrate the Driver Training/Awareness skills and techniques. B. Demonstrate a minimum standard of psychomotor skills with every technique and exercise. C. Demonstrate to the satisfaction of the instructor a minimum standard of psychomotor skills in the area of judgement. D. Demonstrate to the satisfaction of the instructor a minimum standard of psychomotor skills in the area of decision making. E. Demonstrate to the satisfaction of the instructor a minimum standard of psychomotor skills in the area of defensive driving. F. Demonstrate to the satisfaction of the instructor a minimum standard of psychomotor skills in the area of basic driving principles. G.
